<u>145/19</u>	<u>2.1 - DECLARATION OF INTEREST</u>  Cllr Campion would like to declare an interest in item 4.1 and 4.2 on the agenda and the subsequent discussion under 7.13, due to his wife being the proposer.	
<u>146/19</u>	<u>2.2 – TO DELCLARE ANY PECUINARY OR OTHER INTEREST</u>  There were no further declarations of pecuniary or other interest from the councillors.	
<u>147/19</u>	<u>3 – MINUTES</u>  The minutes of the meeting on Monday 3rd September were agreed and signed. Cllr Way proposed and Cllr Campion seconded, all councillors agreed. Motion passed by all Councillors. The Chairman signed the minutes.	Clerk to scan and post to website
<u>148/19</u>	<u>4 – PUBLIC PARTICIPATION</u> <u>4.1 – BRIZE NORTON SPORTS AND SOCIAL CLUB PROPOSED ALTERATIONS</u>  Mr Tim Gush would like to present regarding the changes to the fabric of the Brize Norton Sports and Social Club, with regards to the proposed café.  There is a promise of S106 money to replace the Pavilion. However, this is not going to happen for another 5-6 years.  The Social Club Pavilion is already around 35 years old and showing signs of wear and tear. The changing rooms are not conducive to other visiting clubs and you have to pass through the changing rooms to reach the bathroom. Facilities for women are lacking. There are no facilities suitable for the disabled.	

  
5/11/2018

	<p>Mr Gush explained that they would like to build a new shed in the Recreation Ground to store the items from the garage. The garage would be converted into 2 changing rooms (male and female). The changing rooms would be changed into both male and female toilets. The rear of the building will be altered to accommodate the proposed cafe.</p>	
<u>149/19</u>	<p><u>4 – PUBLIC PARTICIPATION</u>  <u>4.2 PROPOSED CAFÉ FOR THE PAVILLION</u></p> <p>Mrs Beverly Champion stated that the pavilion is currently underused. By developing a café it will increase the footfall in BN. It is hoped that there will be somewhere for young people and families who enjoy the Recreation Ground and the playground to come and use the facilities. Also, it could be frequented by cyclists or tourists who come through the village.</p> <p>She has been in contact with the Oxfordshire for a like for like grant to fund the project.</p> <p>The long-term projection would be to continue the project into the new building when it is built in 5-6 years' time.</p> <p>Mrs Champion would like to have it up and running by the summer 2019.</p>	
<u>150/19</u>	<p><u>5 – RECORDS OF CHAIRMAN'S MEETINGS</u></p> <p>Mr Shillingford has met with other members of the council to discuss finances, which Cllr Squire will report in point 10.3 &amp; 10.4</p> <p>The planned meeting with the Chair and Vice-Chair of Carterton Town Council was rescheduled.</p>	
<u>151/19</u>	<p><u>6 – DISTRICT AND COUNTY COUNCILLORS REPORTS</u></p> <p>Cllr Postan proudly presented The Local Plan, which has been accepted. It will be circulated in both e-copy and hard copy. Cllr Postan would like it noted that he chaired the meeting that passed the Local Plan.</p> <p>Cllr Postan is currently working with Carterton Town Council. He felt that this would bring benefits to local villages, which surround Carterton.</p> <p>He suggested that the Council look to approaching himself through WODC regarding possible grants if they choose to follow the café project.</p>	

	<p>Cllr Shillingford questioned Cllr Postan regarding The Local Plan. It was considered that this new Plan puts the parish in a stronger position regarding the Lagan Homes application. However, Lagan Homes was applied for before the Local Plan was implemented and therefore it was unclear if a pre-application would still be subject to the terms defined in the Local Plan.</p> <p>Mr Glazier (ex-Chairman of BNPC and Chair of the Water board in Bampton) is going to attend the Thames Water meeting on Thursday 4<sup>th</sup> October on behalf of BNPC. He will send his report in preparation for the next council meeting.</p> <p>Cllr Postan abseiled down the maternity ward of the JR building in aid of a local Charity.</p> <p>Cllr Field-Johnson's report is submitted as Appendix D.</p>	
<u>152/19</u>	<p><u>7.13 – THE BNS&amp;SC CAFE</u></p> <p>This point of discussion was raised as 4.1 and 4.2 during the Public Participation and brought forward in the agenda so that additional questions may be put to the members of the public.</p> <p>Cllr Campion did not comment during this discussion as he has declared an interest in the proceedings, although he was given a dispensation to remain in the room as no decisions were being made at this stage.</p> <p>Questions were raised as to a change of land use.</p> <p>Additional questions were asked regarding cost &amp; funding. Who would pay wages, and how much rent would be paid to the BNS&amp;SC?  Would a different licence be required for the change of use in the premises as the BNS&amp;SC already have an alcohol licence?  How much will plans for alterations cost?  Where will the money come from for a refurbishment?  What additional/ new licencing will be required to run a café?</p> <p>Cllr Ball questioned the detail of money spent before the Council agreed.</p> <p>Cllr Ball questioned the reference to the Equality Act -  Mrs Campion replied that currently there is no disabled toilet, no women's changing rooms, or specific toilet facilities.</p> <p>There may be a business case for additional money for s106.  Need for a café/ village shop is supported by findings by the Neighbourhood Plan for developments in the village in the Village Survey.</p> <p>Cllr Squire proposed that Mr Gush and Mrs Campion continued their research into costs involved in alterations and requirements needed. Cllr Goble seconded. All councillors agreed.  A 'team' should be put together to meet with Mr Gush and Mrs Campion for further information.</p>	<p>Clerk to seek legal guidance for the Council</p> <p>Clerk to locate the Council's contract with the BNS&amp;SC and the PO.</p>

<u>153/19</u>	<p><u>7.1 – PROPOSED SPEND LIMIT OF £200 FOR HANDYMAN FOR HAND TOOLS</u></p> <p>The Chairman would like to propose giving the village handyman, Mr Terry Hinchly £200 to spend on tools required to complete tasks correctly and efficiently.</p> <p>Cllr Shillingford proposed, Cllr Ball seconded. All Councillors agreed.</p> <p>Mr Hinchly to please provide receipts. In addition, local businesses (A.K.Timms, 5'As and ) will also send electronic invoices to the clerk.</p>	<p>Clerk to communicate with Mr Hinchly. Clerk to communicate with A.K Timms, 5A's to authorise Mr Hinchly to purchase items with a max spend of £100</p>
<u>154/19</u>	<p><u>9.4 – REALLOCATION AND AMALGAMATION OF HEADINGS IN THE PARISH CASHBOOK</u></p> <p>Items 9.4 (154/19) &amp; 9.5 (155/19) on the agenda were moved forward as their decisions may have a bearing on proposal in 7.2 (156/19).</p> <p>Cllr Squire and Cllr Shillingford have analysed the cashbook in light of the precept and half yearly spend. They are happy with the way that the accounts are going.</p> <p>Cllr Squire circulated and explained the accounts to the Council.</p> <p>He considered that there are too many 'pots'. It was suggested that clerk's fees &amp; clerk's expenses be combined. Also, the 'Sports Pavilion' and 'Pavilion Sheds' expenses be combined. In addition, the 'Cemetery' &amp; 'War Memorial Refurbishment' could be combined.</p> <p>The Clerk pointed out that the Clerks fees and expenses should be kept separate as they are taxed differently.</p> <p>Councillor Squire noted that the website and clerks' fees need to be monitored as they are slightly more over budget than planned.</p> <p>The cheque for the speed signs has been agreed and signed but will be released when the work is finally completed.</p>	
<u>155/19</u>	<p><u>9.5 – TO AMALGAMATE THE RESERVE FUNDS HELD BY WODC INTO 'THE MOWER FUND'</u></p> <p>T1654 is s106 moneys from the RAF hanger. T1633 has been savings from the mower fund T1611 was for the War Memorial.</p>	<p>The Clerk to contact WeiWei Hu at WODC to transfer funds.</p>

	<p>The Financial Statement was also explained as money owned by BNPC and held by WODC in 3 different amounts. He proposed taking some of the money from the current account and putting it into the reserved accounts held by WODC. Transfer £3000 from accounts into reserves at WODC. At the end of the year other excess moneys also be transferred into the same fund.</p> <p>Cllr Squire has proposed that the 3 funds held by WODC are joined together. Councillor Shillingford seconded. The motion was passed.</p>	
<u>156/19</u>	<p><u>7.2 – NEIGHBOURHOOD PLAN STEERING COMMITTEE/ UPDATE ON VILLAGE CHARACTER ASSESSMENT</u></p> <p>After Cllr Squire updated the Council on the finances, he also explained the finances linked with the Neighbourhood Plan.</p> <p>Expenditure of the NP this year is £776.52 To date we have paid CFO £4,500.</p> <p>Another £500 on landscape report is expected to be needed Another £5000 on the Landscape Characteristic Assessment report is also needed</p> <p>Cllr Ball questioned if it was a necessary spend. The justification was that Neighbourhood Plans are evolving and more evidence is now required based on previous experiences of other completed Neighbourhood Plans. It has had a change in scope, which is not static and Planning Specialist Consultant has recommended that it is highly advisable.</p> <p>It is advised that the Neighbourhood Plan Steering Group on behalf of the Council challenge CFO for any further reports that may be needed.</p> <p>Going forward, the council have three options</p> <ol style="list-style-type: none"> <li>1) To continue the Neighbourhood Plan without the additional reports</li> <li>2) To pay for the extra report to make the proposed Plan thorough with well supported with evidence</li> <li>3) To avoid spending additional money and to discontinue the Plan</li> </ol> <p>The Councillors agreed that option three not would be economically advisable considering the current expenditure and work that has gone into the Plan.</p> <p>So, to continue the plan and to complete the project with the correct evidence would be the best decision.</p> <p>The Councillors voted on the motions</p> <ol style="list-style-type: none"> <li>1) Movement of money Cllr Squire proposed that the £5000 be taken out of the reserve fund held at WODC to finance the report. Cllr Campion seconded. All councillors, except Cllr Ball, agreed and the motion was passed.</li> <li>2) Additional monies should spent on NP</li> </ol>	The Council

## **APPENDIX D - REPORT: 96/19**

### **REPORT TO BRIZE NORTON PC OCTOBER 2018**

#### **FROM CLLR NICHOLAS FIELD-JOHNSON**

##### **GENERAL OCC REPORT**

##### **BURFORD SCHOOL ATTENDS COUNTY COUNCIL MEETING TO PRESENT PETITION.**

The Sixth Form of Burford School presented to the FULL Council a 250+ signature petition to change the speed limit from 40mph down to 30mph outside the school gates. There have been several dangerous incidents and the petition is aimed to avoid any tragic occurrences. Several of the students spoke about the speed of traffic and the dangers of the A40 outside the school gates and asked the Council to take action to reduce the speed limit to 30mph.

##### **COUNTY COUNCIL PASSES MOTION: ANTI-POLLUTION OF THE WINDRUSH 58-0.**

Having proposed this motion to ensure that measures will be taken to ensure that the River Windrush is cleaned up from all the current pollution. When I first came to the Windrush in the early 70s the river was clean & clear. Now it is grey, dull & murky. Working with WASP (Windrush Against Sewage Pollution), we will endeavour to ensure that this pollution is reduced and eradicated. The WODC "Water Day" on 5<sup>th</sup> October is a step in this direction. OCC has instructed the Leader of the Council to write letters to: Minister for the Environment, CEO of Thames Water and the Health Environmental Agency to support the fight against sewage in our rivers – and not just the Windrush but all our Oxfordshire rivers.

##### **BURFORD HGV BAN IS NOW IN CRITICAL PHASE.**

The Burford HGV ban is being brought to OCC Committee this month for decision. Funding and costs remain critical issues and are yet to be resolved. Both Burford & Chipping Norton are prepared to contribute towards the costs of signage and from my budget, I will contribute a further £15,000. Enforcement, Surveys and Legal costs are yet to be resolved but all parties are looking for a solution.

##### **CABINET APPROVES £120M ROAD AND BUILDING REPAIR FUNDING PROPOSAL**

OCC's cabinet has agreed to borrow up to £120m to invest in infrastructure improvements – easing the spending squeeze on road and property repairs. A report presented to Cabinet in September acknowledged that under-investment has resulted in significant reduction in quality of major and minor roads, as well as pavements, with an increase in car damage and personal injury claims. Residents regularly say that they want to see improvements to the roads, and the investment proposal means the whole county would benefit from a 'growth dividend'. The decision means around £80m could be spent on highway improvements, with the rest of the £120m used to invest in other county council-owned assets especially schools. Detailed business cases will be produced for each proposed project funded from the investment pot. It will be paid for using Oxfordshire's expected growth in homes and consequent council tax income and gives scope to 'borrow to invest' that will, over the long term, save money. As the borrowing will be taken over a number of years, based on individual business cases, the programme of investment can be stopped if the increased Council Tax revenue does not materialise.

### **ABINET APPROVES PROPOSAL TO MAKE THE COUNCIL 'FIT FOR THE FUTURE'**

OCC will get a complete overhaul to ensure it is 'fit for the future' and continues to meet rising demand for services. The changes are crucial to enabling the county council to deliver its vision of 'thriving communities for everyone'. The Cabinet has accepted the business case for a new 'operating model' and will consider how it will be implemented at the October Cabinet meeting.

The transformation plan would protect and improve frontline services for residents, while cutting red tape and reducing the costs of 'back office' administration. The proposed redesign of the county council could save between £34m-58m a year and ensure a continued balanced budget, with the possibility of reinvesting in services in the future. The detailed business case for implementing the new operating model currently estimates a potential reduction of approximately 600-890 full time equivalent posts at the council over a two to three-year period. The council's annual staff turnover is about 650 posts so the number of compulsory redundancies is likely to be much fewer. Customer service, supported by new technology, would be at the heart of the proposed new 'operating model' to make the council much more efficient. Residents contacting the council would see improved customer service with use of digital technology freeing up time for specialist staff to provide personalised services where needed.

### **IMPROVEMENTS FOR DELAYED TRANSFER OF CARE FROM HOSPITAL**

The latest snapshot of delayed transfer of care figures on September 13 showed there were 79 delayed patients in Oxfordshire – a 31% fall on the same period last year. The previous week there 77 representing a sustained and significant fall from 2017 when the highest local recorded weekly figure was 202. Based on the latest NHS published data, Oxfordshire is the 11th most improved system in the country, with a reduction of 58% in the number of bed days lost – more than twice the national average of 25%. This turnaround is attributed to a revitalised joined-up approach between NHS teams and the County Council ensuring that patients leave hospital as soon as they are medically fit to do so.

### **RESPONSE TO ANNOUNCEMENT ON THE OXFORD-CAMBRIDGE EXPRESSWAY**

OCC welcomes the announcement of a preferred Corridor for part of the Oxford-Cambridge Expressway as it offers a degree of clarity on where the final scheme would go, but is very disappointed that access to the M40 through Oxfordshire is still unclear. Highways England, who are leading on this national project, have identified Corridor B as their proposal, the central corridor from the three broad corridors being considered. However, there is still no indication on which of the sub-options around Oxford would be taken forward. OCC will now carefully study the Corridor put forward, including the justification and technical detail which has led to this choice, and how it would affect already stretched roads, such as the A34 and interface with other schemes including East West Rail. OCC has set three tests to assess the decision-making process for that corridor and, eventually, the final route choice:

- Impact on the A34: it should provide relief to congestion on the A34 and function as a separate strategic route, allowing the A34 around Oxford to work better for local traffic
- Pressure on existing roads: It should not increase pressure on overstretched roads
- Conflation with other schemes: It should be developed separately but alongside other local schemes, to ensure the highway network works for Oxfordshire overall

Invariably, a project of this magnitude and ambition will have an impact, which OCC will need to ensure is mitigated. OCC will seek clarity on how the corridor choice is developed so that a decision can be made on the best route for the scheme.
